Gray Hair

"I have used Ayer's Hair Vigor for over thirty years. It has kept my scalp free from dandruff and has prevented my hair from turning gray."—Mrs. F. A. Soule, Billings, Mont.

There is this peculiar thing about Ayer's Hair Vigor—it is a hair food, not a dye. Your hair does not suddenly turn black, look dead and lifeless. But gradually the old color comes back,—all the rich, dark color it used to have. The hair stops falling, too.

told her to leave, but she did not move to suit him so he gave her a push. Her daughter was near by and thought Kirby was fighting her mother. She ran up with a brick and handed it to her mother, who let Kirby have it right between the eyes. Kirby went to the ground and Winnie ran for home.

The post office at Greenleaf, a mile north of Goldsboro, was entered by a sneak thief Sunday night and robbed of the large sum of one hundred and fifty-three cents. But this is sufficient to land the culprit in the United States penitentiary if he be apprehended.

Mr. A. R. Morgan, of this city, has secured the State agency for North Carolina of the Manhattan Life Insurance Company, of New York. The Manhattan is one of the very best of the old line companies. Its first policy was written fifty-two years ago next August, so that the company has age and experience and success, and an honorable record to recommend its contracts.

The Goldsboro Drug Co. has an excellent display of the Rock Island, (Illinois) Medicine Co.'s output, Mull's Grape Tonic, which is a new preparation on this market. The display is arranged very artistically and attracts attention. The medicine is said to be one of the best fruit laxatives on the market, and the Goldsboro Drug Co. was fortunate in securing control of it for this territory.

Goldsboro went down in defeat again Friday morning before the Mt. Olive baseball team, which gives the visitors two out of the three games which have been played in the last three days. Goldsboro won the game Thursday afternoon in the ninth inning, when the score stood 11 to 4. In this inning Goldsboro made eight runs and quit the game without a single man put out. It looked as if the visitors just let Goldsboro win that game to keep the home team in good humor. The last inning was a sorry exhibition of ball playing.

Sheriff Scott left here at noon Tuesday in answer to a telegram from Mr. Barnes Aycock at Fremont. The message just notified the Sheriff to come to Fremont and bring blood hounds. The Sheriff has no blood hounds and of course could not carry any, but he left on the noon train himself, without knowing what he was wanted for. A phone message received at the ARGUS office from Fremont brought the information that a negro had broken into a house last night and had stolen \$30 in money. The names of the principals in the transaction could not be obtained, but the news of the burglary was sufficient to allay the fear that a murder had been committed, which might have been inferred from the reading of the telegram to Sheriff Scott.

AN EARLY FIRE.

The Fire This Morning Destroyed Five Buildings.

A fire Thursday a. m. about 3 o'clock destroyed five houses in the Little Washington suburb of Goldsboro, and came near destroying the colored graded school buildings. The fire department responded promptly and did the best they could with the water they got out of wells, but this was not sufficient to stay the angry flames. The water works have never been carried into Little Washington, and during the thirteen years that Goldsboro has had water works, last night is the first time that Little Washington has needed fire hydrants. This section of the city is occupied exclusively by colored people, most of whom own the houses in which they live. Little Washington is to Goldsboro what James City is to Newbern. Instead of being separated from Goldsboro by a river, like James City at Newbern, Little Washington is only separated by Pine street. There is not a single white person living in the whole territory south of Pine street and west of West Centre street.

The five houses burned last night were near the colored graded school and all belonged to the colored people who occupied them. The fire was first discovered by Officer Denmark, who had to go several blocks before he reached the scene. The officer found the inmates of the house still asleep and he only waked them in time to save their lives. The first house belonged to Anthony Bunn, who did not have time to get his clothes. He lost everything in his house.

The next house belonged to Henry Murphrey, who saved all his household effects, as did all the others.

The next to burn belonged to and was occupied by Eliza Dewey, and the fourth belonged to A. M. Smith, who also lived in the house, while the last to burn belonged to Henry Roberts, who lived in the house. Some of the negroes carried a small amount of insurance.

MISS ELIZA EVANS DEAD.

From Thursday's Daily Argus.

The death of Miss Eliza C. Evans, whose critical illness was announced in these columns some days ago, occurred last night at 12 o'clock at the home of her sister, Mrs. Mary W. Sloumb, on East Centre street, aged 46 years—to-morrow being her birthday. Her father was the late Dr. Augustus Evans, who died during the war, and her mother, who died several years ago, was a sister of Col. Jas. A. Washington, and of her late Mrs. Anna Craton, and of her immediate family only her sister, Mrs. Sloumb, survives her, and she has the tenderest sympathy of our entire community in the great sorrow and infinite loss that has come to her in this visitation of the Death Angel.

But of her who has gone hence, beyond earth's sight, surely is she now seeing His face, which is the joy of the elect, for she daily "walked with God", and her life among us was as a lamp to the feet of others leading them ever towards paths of peace and exemplifying in its uncomplaining self-sacrifices for others the mysterious joys of service, and over all

"A low voice—strangely sweet—whose very tone Told how those lips spake oft with God alone."

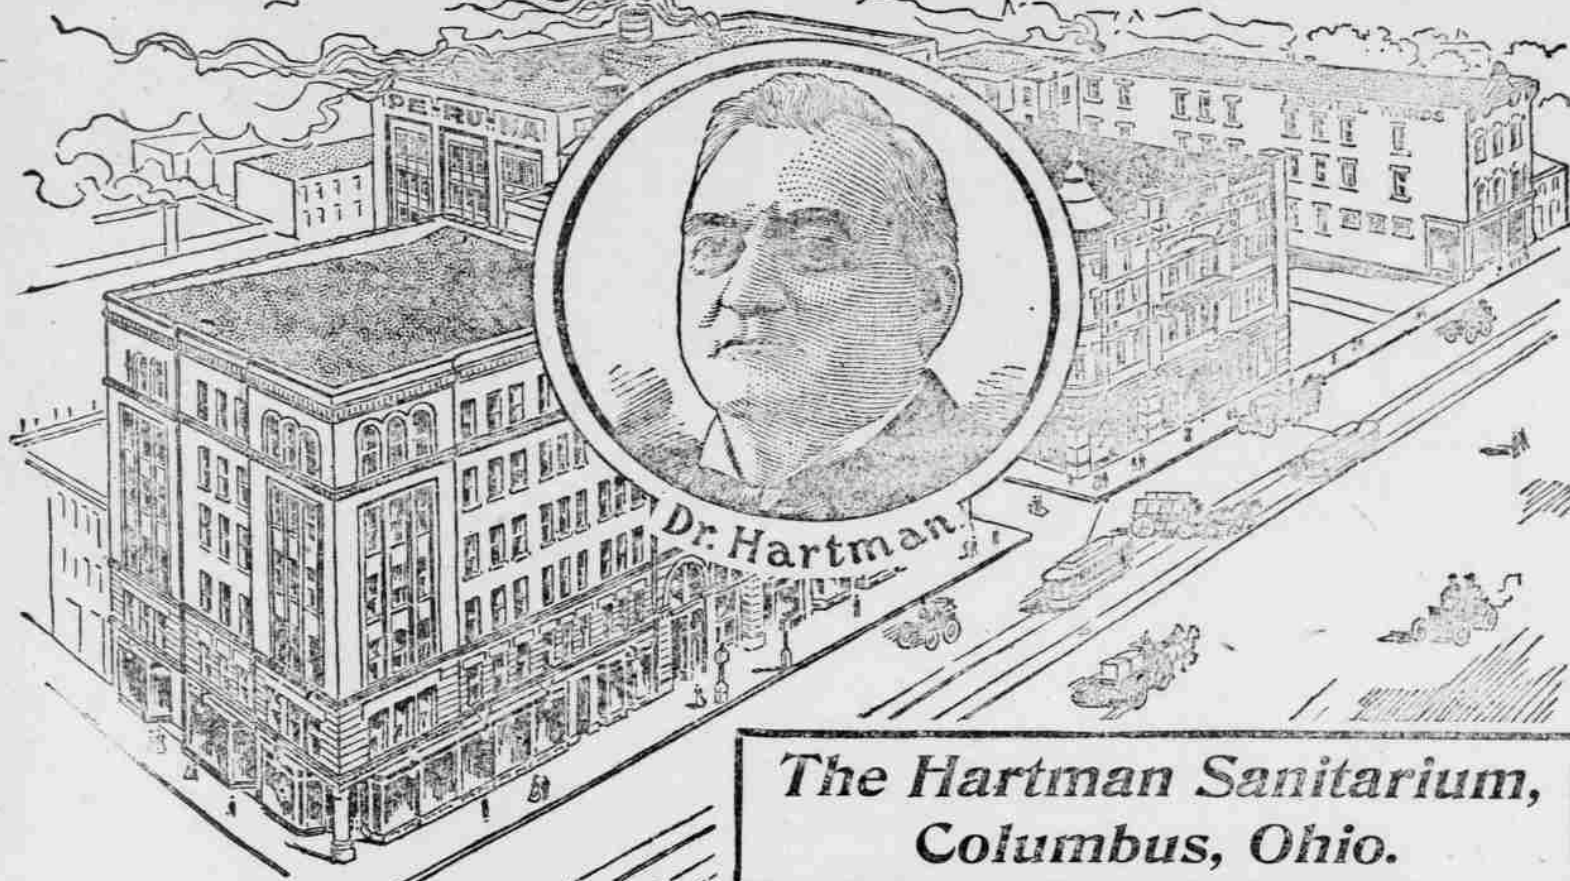

It is not for pen nor words to portray her nobility of character or heroic life: these are graven on the hearts of all who knew her and who to-day mourn her death as a personal sorrow.

She was a devout member of St. Stephen's Episcopal church, from which her funeral will be held this afternoon at 5 o'clock.

PURE REFINED PARAFFINE

The Home of Peruna

The Hartman Sanitarium, Columbus, Ohio.

As is well known, Dr. Hartman is the president of the Hartman Sanitarium, an institution which has a department devoted exclusively to the treatment of female diseases. He is thus brought to see thousands of such cases every year, the most of whom return to their homes to be treated by correspondence.

THE GREATEST OF AMERICA'S SANITARIUMS.

The principal remedy he relies upon in such cases is Peruna, which every woman should have, who has any affection of this kind.

In view of the great multitude of women suffering from some kind of female disease, and yet unable to find any cure, Dr. Hartman, the renowned gynecologist, has announced his willingness to direct the treatment of as many cases as may make application to him during the summer months without charge.

The treatment will be conducted by correspondence. The doctor will prescribe all medicines, applications, hygienic and dietary regulations necessary to complete a cure. The medicines prescribed can be obtained at all drug stores. This offer will prevail during the summer months. Any woman can become a regular patient by sending a written statement of her age, condition of life, history and symptoms of her derangements.

All cases of female diseases, including menstrual irregularities, displacements, ulcerations, inflammations, discharges, irritation of the ovaries, tumors and dropsy of the abdomen, should apply at once and become registered as regular patients.

All correspondence will be held strictly confidential. No testimonials of cures will be given to the public except by the express wish of the patient.

No one knows better than Dr. Hartman how much the women suffer with diseases peculiar to their sex. No one knows better than he does how many of them suffer with such diseases. Patiently, hopefully, wearily, and often silently, they eke out a miserable existence year after year.

A woman confined to the house several years with a chronic female derangement had finally given up all hope of being cured. She had tried physician after physician, and remedy after remedy, without any permanent improvement. Her treatment had cost her husband, who was a poor man, hundreds of dollars. They had been obliged to deny themselves many comforts of life in order to get money enough to pay the physicians.

DISEASES PECULIAR TO THE FEMALE SEX.

Picking up the paper one day she happened to read an item which contained the news that Dr. Hartman would treat such cases free of charge by letter. She immediately wrote the doctor, describing her case, and giving him all her symptoms. She soon received a letter telling her exactly what to do and what medicines and appliances to get. She began the treatment (the principal remedy being Peruna) at once, and in a few weeks was well and strong again and able to do her own work.

Another woman who used Peruna without becoming one of Dr. Hartman's regular patients had the following experience. Miss Ida Green writes from Baldwinville, Ga.:

ONE OF THE 200,000 WOMEN HELPED LAST YEAR.

"Peruna is wonderful and good, and a certain cure for female weakness. I have been ill and have been taking doctor's medicine for several years, and found that none did me any good.

"Every day it was a worry. I was always sick. I had come to the conclusion to give up, and not use any more medicine. I was sick indeed for the past two years. Just before I began to take Peruna I was very weak, besides I was bilious and constipated.

"I had pains in my back and side and falling of the womb, with bearing down pains.

"One day while reading my newspaper, I came across an ad., read of the book for women entitled, 'Health and Beauty,' and sent for it. Then I began to use Peruna. After using several bottles I am now thoroughly cured."—MISS IDA GREEN.

Mrs. Theresa Keller, of Fremont, Wash., writes:

"Peruna not only cured me of female trouble, but prevents me catching any cold, and as long as I have a bottle in the house my family needs no doctor."—Mrs. Theresa Keller.

Send for free book entitled, "Health and Beauty." Address Dr. Hartman, Columbus, Ohio.

DIPLOMAS AWARDED.

Graduating Exercises of the Goldsboro Graded School To-day.

The graduating exercises of the Goldsboro Graded School came off at that institution Friday morning at 10 o'clock, and were brief but interesting.

After the opening hymn by the Ninth and Tenth grades, and prayer by Rev. C. A. Jenkins, the superintendent, Prof. Thos. R. Foust, introduced Mr. John W. Bryan, of the Board of Trustees, who made a practical talk to the graduates, saying many wise things, in his own forceful way, that were received with the closest attention by all his hearers.

After Mr. Bryan, the superintendent introduced Col. A. C. Davis, of the Goldsboro Bar, also a member of the Board of Trustees, to whom was assigned the duty of presenting the diplomas. This he did in the happiest of language—in thoughts that breathed and words that burned their impress upon the hearts not only of the graduates and the other pupils of the school present, but of the grown up members of his audience as well, and will not fail of practical results in the future; so that henceforth we may look forward to the "Commencements" of this Graded School as "Red Letter Days" in Goldsboro.

The graduating class this year is the smallest, we believe, in the history of the school, consisting of only three members, Misses Carey Jenkins and Nilla Pate, and Mr. Israel Mayerberg.

And now the ARGUS takes this occasion to wish the excellent superintendent, the splendid corps of teachers and all the pupils of the Goldsboro Graded School a most enjoyable and invigorating vacation.

THE COAL STRIKE.

New York, May 30.—It is rumored here today that the strike of the anthracite coal miners may reach a settlement Monday in connection with the possible ending of the strike. Reports come from Cleveland about a conference between Hanna and Geo. Perkins, of the firm of J. Pierpont Morgan Company and it is said the two men met and discussed plans of settlement.

MR. A. M. PRINCE DEAD.

The death of Mr. A. M. Prince occurred at his home near this city Friday night at 10 o'clock. He was sitting at the supper table when the summons came. He was conscious until the end came.

He was 61 years old and leaves a wife and six children, as follows: Prof. D. M. Prince and Messrs. Curtis, Cleveland and Chester, and Miss Naomi Prince and Mrs. A. M. Pate. The funeral was held at Mt. Calvary Baptist Church, near Dudley, Sunday morning at 11 o'clock, conducted by Rev. J. T. Albritton, of Mt. Olive, a former pastor of the deceased. The interment was made in the family burying ground.

Mr. Prince moved to this county from Columbus county about 1870, and located near Mt. Calvary Church, where he lived for about ten years and then moved to his present home in order that his children might attend the Graded School. He was a brother of Mrs. C. F. R. Kornegay, of this county, and Mr. Michael Prince, of Columbus county, both of whom survive him. He married Miss Jane Hinson, sister of Mr. Giles Hinson, of this city.

He was a man of the highest Christian character, and will be sadly missed in his home and neighborhood.

PLAY BALL.

Yesterday's Game Between the Married Men and the Single Men—The Benedicts Won the Day.

From Saturday's Daily Argus.

The game of ball yesterday afternoon at Base Ball Park between the married men and the single men was a "beaut," and resulted in an overwhelming victory for the married men, the score at the end of the game being 25 to 6.

The battery for the winners was M. L. Lee in the box and Henry Scott behind the bat, and what they did for the single men was "a plenty"—as the above score shows.

The battery of the single team was changed so often that we could not keep up with them—and play in the game, too.

The purpose of the game was to raise funds for uniforming Goldsboro's crack juvenile team, that has no superior of its years in the State, and the receipts were large enough to meet this object, which will be gratifying to the many friends of Goldsboro's boy team.

The attendance at yesterday's game was large, and we believe everybody got their money's worth.

Dr. Emmet Kornegay acted as umpire, and got through with whole bones—in fact, his decisions were so fair that there was no room for any kicking.

Of course everybody who took part in yesterday's game is "sore" to-day—not as a figurative sentiment, but as a physical fact; and the only married man we have seen to-day who was associated with the game and can smile complacently—without "a hitch in the side"—is Al. Joseph, the "manager," and he didn't play.

COTTON ACREAGE.

Tarboro Southern.

Some persons, it is said, are estimating the cotton acreage as all the way from 10 to 25 per cent. greater than last year. Two well and generally known conditions negative any such increase. There is not enough labor available in the country to make it possible.
